

Personal Styling: What to Wear on Christmas

This Christmas, be loyal to your Personal Styling

Your Personal Styling is your business card or your finger print. Learn how to match elements that make your message efficient. Be appropriate well dressed for every different occasion. There is nothing better to celebrate Christmas in style!

By Leda Nishino*

If you are staying home among family and friends, go for something comfortable and casual. Loose trousers, a basic pullover, flat shoes and few accessories are perfect for that. In order to get an elegant Personal Styling, choose only one color family. Celebrate the season with golden details and Christmas inspired jewelry.

If you are staying home among family and friends, go for something comfortable and casual. Loose trousers, a basic pullover, flat shoes and few accessories are perfect for that. In order to get an elegant Personal Styling, choose only one color family. Celebrate the season with golden details and Christmas inspired jewelry.

If you are invited to a black-tie party, mind the dress code rules. Wear a long dress covering the feet, high heels (preferably sandals) and a nice clutch. Red is the color for Christmas, combine it with metallic accessories and sparkling

jewelry.

You are lucky to leave Europe and spend time at the beaches ? Take the Christmas spirit on your travel luggage. Wear a nice summerly dress with or without heels, depending on where the event is taking place. Abuse of sparkling party accessories to highlight your Personal Styling.

Women with creative Personal Style like to match different colors and textures. Choose a dress with a fun Christmas pattern and combine with sneakers and over knee socks.

For the elegant Personal Styling, monochromatic is a must. Take red to represent Christmas and mix different textures to get a less boring look.

The ones with a classic Personal Styling love suits, we know that. To get a contemporary look combine single pieces with sober colors with patterns and textures. A patent leather clutch and/or a degrade shoe will modernize the result.
